

Philadelphia Suburban to Purchase Chatwood Water Company

BRYN MAWR, Pa. Aug. 29, 2000 - Philadelphia Suburban Corporation (NYSE:PSC) today announced that its Philadelphia Suburban Water Company (PSW) subsidiary has received approval from the Pennsylvania Public Utility Commission to purchase the Chatwood water system, which serves approximately 250 residents in West Goshen Township, Chester County, for \$65,000.

Because the company already has an agreement of sale with Chatwood, it anticipates a third quarter closing.

Chatwood Water Company President John Mattia said he is happy to have a utility like PSW operate the system. With all of the increasing environmental regulations and the capital needed to run a water system, I'm happy to have a utility like PSW to run this system, said Mattia. By interconnecting our system with theirs, our customers will notice some immediate benefits, including increased fire protection.

The Chatwood acquisition is the ninth growth venture PSC has announced this. The other growth venture announcements made by PSC this year were:
