PROXY STATEMENT

This proxy statement is furnished in connection with the solicitation of proxies by the Board of Directors of Philadelphia Suburban Corporation (the "Company") to be used at the Annual Meeting of Shareholders to be held Monday, May 15, 2000, and at any adjournments thereof. This proxy statement and the enclosed proxy are being mailed to shareholders on or about April 10, 2000.

The cost of soliciting proxies will be paid by the Company, which has arranged for reimbursement, at the rate suggested by the New York Stock Exchange, of brokerage houses, nominees, custodians and fiduciaries for the

forwarding of proxy materials to the beneficial owners of shares held of record. In addition, the Company has retained the firm of Corporate Investor Communications, Inc., to assist in the solicitation of proxies from (i) brokers, bank nominees and other institutional holders, and (ii) individual holders of record. The fee to Corporate Investor Communications, Inc. for normal proxy solicitation is \$4,000 plus expenses, which will be paid by the Company. Directors, officers and regular employees of the Company may also solicit proxies, although no additional compensation will be paid by the Company for such efforts.

The Annual Report to Shareholders for the year ended December 31, 1999, including financial statements and other information with respect to the Company and its subsidiaries, is being mailed with this proxy statement by combined first class bulk mailing to shareholders of record as of March 27, 2000. Additional copies of the Annual Report may be obtained by writing to the Company.

KPMG LLP, the Company's independent certified public accountants, has been selected by the Board of Directors to continue in such capacity for the current year. Representatives of that firm are expected to be present at the meeting and will be available to respond to appropriate questions.

PURPOSE OF THE MEETING

As the meeting is the Annual Meeting of Shareholders, the shareholders of the Company will be requested to elect four directors to hold office as provided by law and the Company's Bylaws and approve an amendment to the Company's Articles of Incorporation as described in Proposal No. 2.

1

VOTING AT THE MEETING

Holders of shares of the Company's Common Stock of record at the close of business on March 27, 2000 are entitled to vote at the meeting. As of that date, there were 40,965,701 shares of Common Stock outstanding and entitled to be voted at the meeting. Each shareholder entitled to vote shall have the right to one vote on each matter presented at the meeting for each share of Common Stock outstanding in such shareholder's name.

The holders of a majority of the shares entitled to vote, present in person or represented by proxy at the meeting, constitute a quorum. Directors are to be elected by a plurality of the votes cast at the meeting. The affirmative vote of a majority of the votes cast by those shareholders present in person or represented by proxy at the meeting is required to approve Proposal No. 2 or to take action with respect to any other matter that may properly be brought before the meeting. Shares cannot be voted at the meeting unless the holder of record is present in person or by proxy. The enclosed proxy card is a means by which a shareholder may authorize the voting of his or her shares at the meeting if they are unable to attend in person. The shares of Common Stock represented by each properly executed proxy card will be voted at the meeting in accordance with each shareholder's direction. Shareholders are urged to specify their choices by marking the appropriate boxes on the enclosed proxy card; if no choice has been specified, the shares will be voted as recommended by the Board of Directors. If any other matters are properly presented to the meeting for action, the proxy holders will vote the proxies (which confer discretionary authority to vote on such matters) in accordance with their best judgment.

With regard to the election of directors, votes may be cast in favor or withheld; votes that are withheld will be excluded entirely from the vote and will have no effect, other than for purposes of determining the presence of a quorum. Abstentions may be specified for Proposal No. 2, but not for the election of directors. Abstentions will be considered present and entitled to vote at the meeting, but will not be considered a vote cast for Proposal No. 2 and, therefore, will have no effect on the vote on such Proposal. Brokers that are member firms of the New York Stock Exchange ("NYSE") and who hold shares in street name for customers, but have not received instructions from a beneficial owner, have the authority under the rules of the NYSE to vote those shares with respect to the election of directors, but not with respect to Proposal No. 2. Proxies received from brokers with respect to shares held in street name, even if such shares are not voted by brokers, will be considered present and entitled to vote at the meeting, but will not be considered a vote cast on Proposal No. 2 and, therefore, will have no effect on such Proposal.

Execution of the accompanying proxy will not affect a shareholder's right to attend the meeting and vote in person. Any shareholder giving a proxy has the right to revoke it by giving written notice of revocation to the Secretary of the Company at any time before the proxy is voted by executing a proxy bearing a later date, which is voted at the meeting, or by attending the meeting and voting in person.

Your proxy vote is important. Accordingly, you are asked to complete, sign and return the accompanying proxy card regardless of whether or not you plan to attend the meeting.

(Proposal No. 1)

ELECTION OF DIRECTORS

Voting on Proposal No. 1

The Board of Directors is divided into three classes. One class is elected each year to hold office for a three-year term and until successors of such class are duly elected and qualified, except in the event of death, resignation or removal. The Company is required by its Articles of Incorporation and Bylaws to maintain the size of its classes of directors as nearly equal in number as possible.

The Chairman of the Corporate Governance Committee held discussions with each of the directors in the class of directors with terms expiring at the 2000 Annual Meeting regarding their nomination for re-election. Mr. Harvey J. Wilson, a director in the class of directors with terms expiring at the 2000 Annual Meeting, has indicated that, after 18 years of service to the Board and due to other business commitments, he would not stand for re-election. Mr. John E. Palmer, who was elected to the Board of Directors (in accordance with the terms of the 1998 merger agreement between the Company and Consumers Water Company that was approved by the shareholders at the November 16, 1998 Special Meeting of Shareholders) with his term to expire at the 2000 Annual Meeting, agreed that he would serve as a director for an additional year. Mr. John F. McCaughan and Mr. Alan R. Hirsig, whose terms also expire at the 2000 Annual Meeting, both agreed to stand for re-election for a full term at the Annual Meeting. After a thorough review of the existing board members and other candidates, and in line with the requirements of the Articles of Incorporation to maintain the size of the classes of directors as nearly equal as possible, the Corporate Governance Committee recommended and the full Board approved (i) the nomination of Mr. Alan

R. Hirsig and Mr. John F. McCaughan, whose terms are to expire at the 2000 Annual Meeting, for election to the class of directors to be elected at the 2000 Annual Meeting; (ii) the nomination of Mr. Richard H. Glanton, whose term was to expire at the 2001 Annual Meeting, for election to the class of directors to be elected at the 2000 Annual Meeting; (iii) the nomination of Mr. Richard L. Smoot, whose term was to expire at the 2001 Annual Meeting, for election to the class of directors to be elected at the 2000 Annual Meeting; (iv) elected Mr. Palmer effective as of the Annual Meeting to the class of directors with terms expiring at the 2001 Annual Meeting; and (v) effective as of the Annual Meeting and election of directors as set forth herein, reduced the size of the Board of Directors from twelve to eleven and reduced the size of the class of directors with terms expiring at the 2001 Annual Meeting from four to three.

Therefore, four directors, Messrs. Glanton, Hirsig, McCaughan, and Smoot are to be elected by a plurality of the votes cast at the Annual Meeting and seven directors will continue to serve until either the 2001 or 2002 Annual Meetings depending on the period remaining in their terms. At the meeting, proxies in the accompanying form, properly executed, will be voted for the election of the four nominees listed below, unless authority to do so has been withheld in the manner specified in the instructions on the proxy card. Discretionary authority is reserved to cast votes for the election of a

substitute should any nominee be unable or unwilling to serve as a director. Each nominee has stated his willingness to serve and the Company believes that all nominees will be available to serve.

The Board of Directors recommends that the shareholders vote FOR the election of Messrs. Glanton, Hirsig, McCaughan and Smoot as directors. For detailed information on each nominee, see pages 6 and 7.

EXECUTIVE COMPENSATION

REPORT OF THE EXECUTIVE COMPENSATION AND EMPLOYEE BENEFITS COMMITTEE

Overall Objectives

Philadelphia Suburban Corporation's executive compensation program is designed to motivate its senior executives to achieve the Company's goals of providing its customers with high quality, cost-effective, reliable water services and providing the Company's shareholders with a market-based return on their investment.

Toward that end, the program:

- * Provides compensation levels that are competitive with those provided by companies with which the Company may compete for executive talent.
- * Motivates key senior executives to achieve strategic business initiatives and rewards them for their achievement.
- * Creates a strong link between stockholder and financial performance and the compensation of the Company's senior executives.

In administering the executive compensation program, the Executive Compensation and Employee Benefits Committee (the "Committee") attempts to strike an appropriate balance among the above-mentioned objectives, each of which is discussed in greater detail below.

At present, the executive compensation program is comprised of three components: base salary, annual cash incentive opportunities and equity incentive opportunities. In determining the relative weighting of compensation components and the target level of compensation for the Company's executives, the Committee considers compensation programs of a peer group of companies.

15

Because of the limited number of investor-owned water utilities from which comparable compensation data is available, the Committee utilizes survey data from a composite market ("Composite Market") compiled by a nationally recognized compensation consulting firm in assessing the competitiveness of the components of the Company's compensation program. The Composite Market for the base salary and annual cash incentive elements of the program consists of 50% water utilities, 25% other utilities and 25% general industrial businesses. There are thirteen water utilities in the Composite Market, ten of which are included in the Edward Jones Water Utility Industry Index that has been used for the stock performance chart contained herein. Competitive compensation levels are targeted at the median of the third quartile range of compensation levels in the Composite Market, except for equity incentives, which are targeted at the 50th percentile of the compensation consulting firm's data base of general industrial organizations, including utilities, that have long-term incentive programs.

Compensation Components

Base Salary

To ensure that its pay levels are competitive, the Company, with the assistance of its compensation consultant, regularly compares its executive compensation levels with those of other companies and sets its salary structure in line with competitive data from the Composite Market. Individual salaries are considered for adjustment annually and any adjustments are based on general movement in external salary levels, individual performance, and changes in individual duties and responsibilities.

Cash Incentive Awards

The annual cash incentive plan is based on target incentive awards for each executive, which are stated as a percentage of their base salaries. Annual incentive awards for executive officers are calculated by a formula that multiplies the executive's target incentive percentage times a Company rating factor based on the Company's overall financial performance and an individual rating factor based on the executive's performance against established objectives. These factors can range from 0% to 125% for the Company rating factor and 0% to 150% for the individual rating factor. Each of these percentages are correlated with defined objectives and approved by the Committee each year. Regardless of the Company's financial performance, the Committee retains the authority to determine the final Company rating factor, and the actual payment and amount of any bonus is always subject to the discretion of the Committee.

Equity Incentives

As part of its review of the total compensation package for the Company's officers, the Committee, with the assistance of a nationally-recognized compensation consulting firm, reviewed the Company's equity incentive compensation program. Given the importance of dividends to a utility investor, the consultant recommended using a combination of stock options with dividend equivalents to best link executive long-term incentives to corporate performance and shareholder interests.

Under the terms of the Company's 1994 Equity Compensation Plan, which was approved by the shareholders at the 1994 Annual Meeting, the Committee and the Board of Directors may grant stock options, dividend equivalents and restricted stock to officers, directors and key employees, and stock options to key consultants of the Company and its subsidiaries who are in a position to contribute materially to the successful operation of the business of the Company. The purpose of the Plan is to help align executive compensation with shareholder interests by providing the participants with a long-term equity interest in the Company. The Plan also provides a means through which the Company can attract and retain employees of significant abilities.

Summary of Actions Taken by the Committee

Salary Increase

Under the Company's salary program, the base salary budget is based on salary levels for comparable positions in the Composite Market. The projected overall annual increase is based on annual salary budget increase data reported by published surveys. Under these guidelines, actual salary increases are determined based on a combination of an assessment of the individual's performance and the individual's salary compared to the market. In the case of executive officers named in this Proxy Statement, the determination of salary levels is made by the Committee, subject to approval by the Board of Directors.

Mr. DeBenedictis' salary for 1999 was consistent with the target level for the CEO position within the Composite Market. Mr. DeBenedictis' salary for 2000, which was approved by the Board of Directors on February 1 and effective on April 1, 2000, is consistent with published salary survey information on salary levels and projected annual salary increases for 2000 and is based on the Committee's favorable assessment of his and the Company's performance.

17

Annual Incentive Award

At its January 31, 2000 meeting, the Committee determined the annual cash incentive awards to be made to the participants in the annual incentive plan. The awards were based on the Company's performance compared to its financial goal for 1999 as well as the participants' achievement of their individual objectives. The incentive awards to the Company's officers were approved by the Board of Directors on February 1, 2000. Mr. DeBenedictis' annual incentive compensation for 1999 was based on the Company's earnings and the Committee's assessment of Mr. DeBenedictis' individual performance. Mr. DeBenedictis' achievements in 1999 included increasing revenues and net income to record levels, reducing controllable operating expenses and interest costs below budget, increasing customer growth through acquisitions, integrating the Consumers organization and implementing other management initiatives intended to control costs, enhance customer satisfaction and increase the dividend. It was the Committee's assessment that Mr. DeBenedictis met all his objectives and well exceeded his objectives on earnings, growth and acquisitions.

Equity Incentives

At its March 6, 2000 meeting, the Committee approved the grant of incentive stock options and dividend equivalents under the Company's 1994 Equity Compensation Plan to its executive officers at the fair market value on the date of grant for such stock options of \$18.3438. The options are exercisable in installments of one-third each year starting on the first anniversary of the date of grant and expire at the end of 10 years from the date of grant. The dividend equivalents will accumulate dividends over a period of four years. Mr. DeBenedictis received a grant of 40,000 options and dividend equivalents on March 6, 2000 at the grant price stated above. At its meeting, the Committee also approved management's recommendation to reduce the performance period for the dividend equivalents granted in 1998 and 1999 by one year based on the Company's performance against the 1999 measurement criteria established by the Committee for this purpose at its March 1, 1999 meeting. The measurement criteria involve targets for earnings per share, dividends, total return to shareholders over a five-year period and customer growth.

Section 162(m) of the Internal Revenue Code generally precludes the deduction for federal income tax purposes of more than \$1 million in compensation paid to the Chief Executive Officer and the other officers named in the Summary Compensation Table in any one year, subject to certain specified exceptions. Given the nature of the stock option grants and the level of other compensation paid to the Chief Executive Officer and the other executive officers named in the Summary Compensation Table, the deduction limitation is

18

presently inapplicable to the Company. The Committee will address this limitation if and when it becomes applicable to the Company's compensation program.

The graph below compares the cumulative total shareholder return on the Common Stock of the Company for the last five years with the weighted average cumulative total return of a peer group of companies and the cumulative total return on the S&P 500 over the same period, assuming a \$100 investment on January 1, 1994 and the reinvestment of all dividends. In the past, the Company has used the Edward Jones Water Utility Industry Index for its peer group comparison. Since five of the twelve companies in this Index have seen significant increases in their stock price in 1999 as a result of their announcement that they have entered into definitive agreements to be acquired or merged with other companies and since, after such acquisitions, their stock will not be publicly-traded, the Company has adopted the Dow Jones Utility Index to be used for future peer group comparisons. The Edward Jones Water Utility Industry Index and the Dow Jones Utility Index are both presented in the graph below this year for comparison purposes. The Edward Jones Water Utility Industry Index consists of the following companies: American Water Works Company, Inc.; American States Water Company; Aquarion Company; California Water Service Company; Connecticut Water Service Company; Dominguez Services Corporation; E'town Corporation; Middlesex Water Company; Philadelphia Suburban Corporation; SJW Corporation; Southwest Water Company; and United Water Resources, Inc. The Dow Jones Utility Index consists of the following companies: American Electric Power; Consolidated Energy, Inc.; PECO Energy Company; Texas Utilities Company; Columbia Energy Group; Edison International; Public Service Enterprise Group Incorporated; Unicom Corporation; Dominion Resources; Enron Corporation; Reliant Energy, Incorporated; Williams Companies, Inc.; Duke Energy Corporation; PG&E Corporation; and The Southern Company

(1) The options listed in this column are qualified stock options granted at an exercise price equal to the fair market value of the Company's common stock on the date of grant under the Company's 1994 Equity Compensation Plan. Grants

become exercisable in installments of one-third per year commencing on the first anniversary of the grant date. An equal number of dividend equivalents, with a four year accumulation period, were awarded to the named individuals under the 1994 Equity Compensation Plan. The accrued value of the dividend equivalent awards for 1995 through 1999 is shown on the Summary Compensation Table.

(2) The exercise price for options granted is equal to the mean of the high and low sale prices of the Company's common stock on the New York Stock Exchange composite tape on the date the option is granted.

(3) The values in this column were determined using Black-Scholes Option Pricing Model. The actual value of stock options, if any, that may be realized will depend on the difference between the exercise price and the market price on the date of exercise. The estimated values under the Black-Scholes model are based on assumptions as to such variables as interest rates, stock price volatility and dividend yield. The key assumptions used in the Black-Scholes model valuation of the stock options are (i) an assumed dividend yield of 3.2%, (ii) a risk free rate of return of 5.4%, (iii) volatility of 20.9%, (iv) an exercise date of 10 years from the date of grant, and (v) no reduction in values to reflect non-transferability or other restrictions on the options. These assumptions are not a forecast of future dividend yield, stock performance or volatility.

Stock Option Exercises in 1999 and Value of Options at Year-End 1999

The following table sets forth information concerning the number of stock options exercised under the Company's 1988 Stock Option Plan and the 1994 Equity Compensation Plan during 1999 by each executive officer listed below and the number and value of unexercised options as of December 31, 1999, indicating in each case the number and value of those options that were exercisable and unexercisable as of that date.

CERTAIN COMPENSATION PLANS

Retirement Plan

The Retirement Plan for Employees of the Company (the "Retirement Plan") is a defined benefit pension plan. In general, participants are eligible for normal pension benefits upon retirement at age 65 and are eligible for early retirement benefits upon retirement at age 55 with ten years of credited service. Under the terms of the Retirement Plan, a participant becomes fully vested in his or her accrued pension benefit after five years of credited service. Benefits payable to employees under the Retirement Plan are based upon "final average compensation", which is defined as the average cash compensation through the five highest consecutive years of the last ten full years preceding retirement.

The Employee Retirement Income Security Act of 1974, as amended, ("ERISA") imposes maximum limitations on the annual amount of pension benefits

that may be paid under, and the amount of compensation that may be taken into account in calculating benefits under, a qualified, funded defined benefit pension plan such as the Retirement Plan. The Retirement Plan complies with these ERISA limitations. Effective December 1, 1989, the Board of Directors adopted an Excess Benefits Plan for Salaried Employees (the "Excess Plan"). The Excess Plan is a nonqualified, unfunded pension benefit plan that is intended to provide an additional pension benefit to participants in the Retirement Plan and their beneficiaries whose benefits under the Retirement Plan are adversely affected by these ERISA limitations. The benefit under the Excess Plan is equal to the difference between (i) the amount of the benefit the participant would have been entitled to under the Retirement Plan absent such ERISA limitations, and (ii) the amount of the benefit actually payable under the Retirement Plan.

The following tabulation shows the estimated annual pension payable pursuant to the Retirement Plan and the Excess Plan to employees, including employees who are directors or officers of the Company, upon retirement after selected periods of service. This table is provided for illustrative purposes only and does not reflect pension benefits presently due under the Retirement Plan or Excess Plan.

The Company's contributions to the Retirement Plan are computed on the basis of straight life annuities. The following executive officers listed in Summary Compensation Table have the indicated number of completed years of service under the Retirement Plan, and would, upon retirement at age 65 on March 31, 2000, be entitled to a pension based on the remuneration level listed in the following table:

Name	Covered Remuneration	Completed Years of Credited Service
Nicholas DeBenedictis	\$493,741	8
Morrison Coulter	\$181,583	39
Roy H. Stahl	\$220,572	18
Richard R. Riegler	\$196,710	30
David P. Smeltzer	\$131,675	13

A Supplemental Executive Retirement Plan or SERP has been established for Mr. DeBenedictis. This Plan, which is nonqualified and unfunded, was approved by the Board of Directors in 1992 and is intended to provide Mr. DeBenedictis with a total retirement benefit, in combination with the Retirement Plan and Excess Plan, that is commensurate with the retirement benefits for the chief executive officers of other companies. Under the terms of the SERP, Mr. DeBenedictis will be eligible to receive a benefit at normal retirement equal to the difference between (i) the benefit to which he would otherwise be entitled under the Retirement Plan assuming he had 25 years of service and absent the ERISA limitations referred to above, and (ii) the benefit payable to him under the Retirement Plan and the Excess Plan. Under the terms of Mr. DeBenedictis' SERP, if his employment is terminated for any reason prior to age 65, he is entitled to receive a supplemental retirement benefit equal to the difference between (i) the benefit to which he would otherwise be entitled under the

Retirement Plan assuming he was credited with two years of service for each of his first seven years of credited service and (ii) the benefit payable to him under the Retirement Plan and the Excess Plan. If Mr. DeBenedictis retires from the Company at age 65, the SERP is projected to provide an annual benefit of \$128,060.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Employment Contracts and Termination of Employment and Change of Control Arrangements

Under the terms of Mr. DeBenedictis' employment arrangement, if his employment is terminated by the Company for any reason other than his disability, death or for cause, he will be entitled to receive a severance payment equal to twelve months of his base compensation paid in twelve equal monthly installments without offset. In the event that the employment of any of the executive officers named in the Summary Compensation Table set forth above is terminated, actually or constructively, within two years following a change of control of the Company, the executive officers will be entitled to certain payments under agreements with the Company and its primary subsidiary, Philadelphia Suburban Water Company. Under the terms of these agreements, the Chief Executive Officer will be entitled to two and one-half times his average annual base cash compensation and the other executive officers will be entitled to two times their average annual base cash compensation, plus continuation of their normal fringe benefits for a period of three years for the Chief Executive Officer and two years for the other executive officers. The agreement with the Chief Executive Officer also provides that, in exchange for a non-competition agreement, he will be entitled to receive one-half of his average annual base cash compensation and the transfer to him of a split dollar life insurance policy maintained by the Company on his life. Under the terms of the 1994 Equity Compensation Plan approved by the shareholders, outstanding stock options will become immediately exercisable, accrued dividend equivalents will become immediately payable and the restrictions on restricted stock grants shall immediately lapse upon certain change of control events.

Compensation of Directors

Directors who are full-time employees of the Company do not receive a retainer or fees for service on the Board of Directors or Committees of the Board. Members of the Board of Directors who are not full-time employees of the Company or any of its subsidiaries ("Non-employee Directors") receive an annual retainer fee of \$12,000, plus an annual grant of 400 shares of the Company's Common Stock. Directors also receive a fee of \$1,000 for attendance at each meeting of the Board of Directors of the Company, including Committee meetings. In addition, each Committee Chairman who is a Non-employee Director receives an annual retainer fee of \$2,500. All directors are reimbursed for reasonable expenses incurred in connection with attendance at Board or Committee meetings.

(Proposal No. 2)
PROPOSAL TO AMEND SECTION 5.05(a)
OF THE COMPANY'S ARTICLES OF INCORPORATION

Proposal

The Philadelphia Suburban Corporation Board of Directors proposes and recommends to the shareholders an amendment to Section 5.05(a) of the Company's Articles of Incorporation reducing the required vote of the Board of Directors on corporate actions requiring the vote of the shareholders from three-quarters of the entire Board to a majority of the entire Board in order for the action to be approved by the minimum required vote of the shareholders.

The text of the proposed amended Section 5.05(a) of the Company's Articles of Incorporation is set forth in Annex A to this Proxy Statement.

Purposes and Effects

Under the terms of Section 5.05 of the Company's Articles of Incorporation, any corporate action, other than the election of directors, requiring the vote of the shareholders could only be authorized upon receiving at least three-quarters of the vote which all voting shareholders, voting as a single class, are entitled to cast on such action (and, in addition, the affirmative vote of the number or proportion of shares of any class or any series of any class of shares of the Company, if any, as shall at the time be required by the express terms of any such class or series of shares of the Company), unless the corporate action was approved by three-quarters of the entire Board of Directors. Corporate actions, other than the election of directors, requiring the vote of the shareholders could be authorized upon receiving the minimum shareholder vote required for the authorization of such action by statute (after taking into account the express terms of any class or any series of any class of shares of the Company with respect to such vote) only if such corporate action was recommended by a vote of three-quarters of the entire Board of Directors. The Board of Directors believes that this provision of the Articles of Incorporation may be unduly restrictive and has approved an amendment to Section 5.05(a) of the Articles of Incorporation to reduce the required vote by the Board of Directors on a corporate action requiring the vote of the shareholders, other than the election of directors, from three-quarters of the entire Board to a majority of the entire Board in order for such corporate action to then be able to be authorized by the minimum shareholder vote required for the authorization of such action by statute.

26

Vote Required for Approval

Approval of the Amendment to the Articles of Incorporation requires the affirmative vote of the majority of the votes cast by the holders of the Company's Common Stock. The holders of the Company's Common Stock are entitled to one vote on all matters properly brought before the Annual Meeting for each share to the Company's Common Stock held by such persons. Votes may be cast in person at the Annual Meeting or by proxy. A properly executed proxy marked "ABSTAIN", although counted for purposes of determining whether there is a quorum, will not be counted for purposes of determining the aggregate number of votes cast. Similarly, broker non-votes will also be counted for purposes of determining whether there is a quorum, but will not be counted for purposes of determining the aggregate number of votes cast. Accordingly, abstentions and broker non-votes will have no effect on the approval of the Amendment to the Articles of Incorporation.

The Philadelphia Suburban Corporation Board of Directors recommends a vote FOR approval of the Amendment to the Articles of Incorporation.

SHAREHOLDER SUGGESTIONS AND PROPOSALS FOR 2001 ANNUAL MEETING

Consideration of certain matters is required at the Annual Meeting of Shareholders, such as the election of directors. In addition, pursuant to applicable regulations of the Securities and Exchange Commission, shareholders may present resolutions, which are proper subjects for inclusion in the proxy statement and for consideration at the Annual Meeting, by submitting their proposals to the Company on a timely basis. In order to be included for the 2001 Annual Meeting, resolutions must be received by December 8, 2000.

The Company receives many shareholder suggestions which are not in the form of resolutions. All are given careful consideration. We welcome and encourage your comments and suggestions. Your correspondence should be addressed as follows:

The Company will provide without charge, upon written request, a copy of the Company's Annual Report on Form 10-K for 1999. Please direct your requests to Patricia M. Mycek, Secretary, Philadelphia Suburban Corporation, 762 W. Lancaster Avenue, Bryn Mawr, PA 19010.

COMPLIANCE WITH SECTION 16(a) OF THE EXCHANGE ACT

Section 16(a) of the Securities Exchange Act of 1934 (the "Act") requires the Company's officers and directors, and persons who own more than 10% of a registered class of the Company's equity securities (a 10% Shareholder), to file reports of ownership and changes in ownership with the Securities and Exchange Commission ("SEC"). Officers, directors and 10% Shareholders are required by the SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on its review of the copies of such forms received by it, or a written representation from certain reporting persons that no Form 5's were required for those persons, the Company believes that, during the period January 1, 1999 through December 31, 1999, all filing requirements applicable to its officers and directors have been complied with, except that Vivendi, and its wholly-owned subsidiary Vivendi North America were delinquent in reporting purchases of PSC Common Stock made in March 1999.
